

MAINTAINING AN INTEMPOREL PREOILED FLOOR REVITALIZER CONCENTRATE

WHAT YOU MUST KNOW

1. This product is concentrated, you must dilute it in water
 2. Cleans and nourishes an INTEMPOREL preoiled floor
 3. Formulated for the ongoing maintenance of an INTEMPOREL preoiled floor
-

BEFORE COMMENCING REGULAR CLEANING AND MAINTENANCE

1. Wait at least 21 days after the oil application to allow the oil to fully cure
2. Use only Intemporel cleaning and maintenance products on your INTEMPOREL preoiled floor (other than clean lukewarm water)
3. Sweep or vacuum your floor regularly to remove dust and grit

***** AFTER EVERY 4 WASHES WITH WOOD SOAP, USE THE CONCENTRATE REVITALIZER INSTEAD OF THE WOOD SOAP*****

1. Add 1 capful (10ML) per litre of lukewarm water
2. Mop in a back and forth motion with a well wrung out mop
3. Try to always mop in the direction of the flooring strips
4. Rinse the mop when it becomes dirty
5. Let the floor dry without rinsing
